

## Review Notes - Genesis Dual Mono Extreme.

Dual Mono Extreme was developed to provide a high power version of Dual Mono.

This amplifier is the second Genesis model to use Class G technology, a high efficiency analogue technology, providing high efficiency with excellent sound quality.

Twin power supplies and true Dual Mono architecture throughout provide excellent soundstaging.

There is also an inbuilt lowpass remote gain allowing + or - 6dB of gain adjustment.

The Highpass filter can be set at any value between 15 - 200Hz, which allows it to be used as a subsonic filter for subwoofer applications, as well as conventional highpass for component speakers.

It is fitted with a temperature dependent fan output providing flexibility in cooling options.

### Brief Specifications:

Rated Power: 4  $\Omega$ : 2 x 200 W RMS  
2  $\Omega$ : 2 x 400 W RMS  
1.5 $\Omega$ : 2 x 500 W RMS  
4  $\Omega$  BR: 1 x 800W RMS  
3  $\Omega$  BR: 1 x 1000W RMS

Typical Power: 4  $\Omega$ : 2 x 325 W RMS  
2  $\Omega$ : 2 x 475 W RMS  
1.5 $\Omega$ : 2 x 550 W RMS  
4  $\Omega$  BR: 1 x 1000W RMS  
3  $\Omega$  BR: 1 x 1100W RMS

S/N : > 110dB

Input : 0.3 - 4.0 Volts

Crossovers: High pass <20 Hz - 200Hz Fully variable  
Lowpass, 50 Hz - 200Hz Fully variable

Filter slope: 12dB / octave (2nd order butterworth)

Fuse: 4 x 30 Amps

Size: 450 x 210 x 62

Warranty: 5 years if dealer fitted.

Origin: Designed and hand - built in our factory in Essex, England.
